

Sew with Vikki Leigh Martin

Semester 2 – 2018

Shop 12/325 Centre Road, Bentleigh. 3204. Ph: 0417 597 189 vikki@sewingclasses.com.au www.sewingclasses.com.au

- Sewing Classes -

Classes and workshops are run with a maximum of six adult students. Classes are comprised of students of different levels.

Once the Garment Construction course is completed, you are welcome to re-enrol for as long as you would like.

To assist parents, the 11.30am weekday classes have been planned with the Victorian Government School timetable in mind.

- Sewing Classes -

Introduction to Sewing

Always wanted to learn to sew? This beginner's course shows you all the important basics. While learning to use a sewing machine and an overlocker, students create samples to use as a reference. In the final lesson, students cut out their own skirt in calico to fit and create a customised pattern, this skirt will be completed in the next course, 'Start to Sew 1'.

This course is recommended for those who have never sewn or have not sewn for a while.

Material requirements - This course includes a sample workbook, calico and a beginners sewing kit comprising scissors, thread, chalk, ruler, pins and needles etc.

- Start to Sew 2 -

In this course, the focus is on understanding the pattern guide sheet instructions. Students purchase a pattern of their choice and whilst making the garment, gain a fuller understanding of the symbols, language and methods used in constructing a garment through the support of their pattern guide sheet. Textiles, pattern and fabric selection and tools of the trade will be discussed throughout the course.

Material requirements - students to provide all materials and a sewing kit.

Start to Sew 1

In this course, students complete a calico skirt known as a toile. The toile teaches students about their body shape. Students are then taught to alter the commercial pattern for a perfect fit. The customised pattern will then be constructed in the students own fabric. After twenty hours of tuition, students have developed sound skills and are equipped to move on to the next course, 'Start to Sew 2'.

Material requirements - students to provide all materials and a sewing kit.

Garment Construction

Student's who have completed the Start to Sew 2 course, move on to Garment Construction. The aim of this course and all further study is for students to be exposed to the different elements that make up a garment, for example a collar and sleeves on a shirt. Students will construct a garment of their choice. It is advised that students trial their pattern in calico. Please note: If you are an experienced sewer, you are welcome to enrol in this course.

Material requirements - students to provide all materials and a sewing kit.

- Wednesday Workshops -

Students must be able to use a sewing machine and have sound sewing skills. These workshops are not for beginners

Make a Knit Top in a Day

Knit fabrics have become a big part of today's fashion wardrobe so it's essential that we learn to handle knits with ease.

In this workshop students will make either the Style Arc 'Madison' or the 'Ivy' knit top while they learn to create seam, neckline and hemline finishes.

Students can choose from a range of finishes for example a double needle for hemming.

Material requirements – A pre-cut knit top, thread and a student manual is provided. Sewing machines, overlockers and a coverstitch machine are available for students to use. Please bring your own sewing kit

Please call Vikki to confirm your top style & size. 0417 597 189

Style Arc Maddison

Style Arc Ivy

One Day Sewing Workshop

Come and join a one day sewing workshop. This workshop has been developed for ladies like me who just love to sew. Personally I can't think of anything nicer than spending a whole day immersed in a sewing project while meeting like minded people.

Suggested Projects – Garment construction, cushion making, bag making and sewing with knit fabrics.

Material requirements – Sewing machines and overlockers are available for students to use. Students to provide all materials and a sewing kit.

Students are welcome to enrol in these workshops as often as they wish. Please call Vikki to discuss your project. 0417 597 189

Half Day Sewing Workshop

A half day workshop is a great way to get assistance with a project, maybe you just need some extra space to cut out a few garments. The morning workshop will run from 10am – 12.30pm and the afternoon workshop will run from 1pm – 3.30pm.

One on One Tuition – Adults & Teens

Sewing Tuition - Private lessons are available for students from all levels. Students can follow the advertised courses or work on their own project. Vikki is available for private lessons during the semester and over each school holiday period.

Machine Tuition - Sewing machine - Learn about threading, tension, your stitch selection and your feet selection.

Overlocker - Learn about - threading, tension, differential feed and rolled hemming.

Tuition for Two - Students are welcome to share a private lesson with a friend, a lovely time to catch up and learn together.
